

# MPSR

## **TUMIA VIFAA VYAKO VYA BIZ KAMA AHADI YA MKOPO**

Credit runs lives & business hence lending and borrowing should be seamless and easy.

Now everyone can get back to the business they do best, as we keep the wheels of commerce turning and ultimately drive Kenya's ease of doing business.

MPSR a government e-collateral registry, anchored on the Movable Property Security Rights Act, 2017. The MPSR Act, 2017 promotes lending using movable property as collateral with an aim of promoting financial inclusion and access to credit.

Log on to [www.brs.go.ke](http://www.brs.go.ke) for details and access to the Registry.

## MPSR (Collateral Registry)

The MPSR Registry is the official government register of security rights in movable property that was established by an act of parliament, the Movable Property Security Rights Act, 2017. It is a notice based register accessible by the public 24/7. The Registry was established on the 24th May, 2017 and replaced the Chattels Registry. The registry gives an opportunity for lenders to register their security rights over movable assets against third party (thereby establishing priority over competing rights) and offers a platform for them to conduct due diligence before issuing a loan.
